Personal information

Title: Prof. Dr.-Ing. habil.

Gender: (MF) F

Name: LESNY, Kerstin

Suffix:

Mailing address (Street or Postal Box): Paul-Bonatz-Straße 9-11

City: Siegen

Province/State:

Postal code: 57076

Country: Germany

Email address: kerstin.lesny@uni-siegen.de

Website:

<https://www.bau.uni-siegen.de/subdomains/geo/>

Phone number: +492717402168

Fax number:

Current affiliation: Chair of Geotechnical Engineering, Department of Civil Engineering, University of Siegen

Job title: Professor

Education Background

Highest degree received: Habilitation, Dr.-Ing.

Received from: University of Essen

Major: Civil Engineering

Professional background

Professional background relevant to GEOSNet:

Safety and reliability of geotechnical structures; model uncertainties, limit state design and code development; involved in the evolution of second generation Eurocode 7.

Main reasons for your interest in GEOSNet and potential contributions to the network:

Exchange with other researchers and practitioners, potential research collaboration in RBD, connecting national with international activities and promoting implementation of RBD in the engineering practice.
