Personal information

Title: **Dr.-Ing.**

Gender: **F**

Name: **Julia Sorgatz**

Suffix: **N/A**

Mailing address (Street or Postal Box): **TU Bergakademie Freiberg, Gustav-Zeuner-Str. 1**

City: **Freiberg**

Province/State: **N/A**

Postal code: **09599**

Country: **Germany**

Email address: **julia.sorgatz@ifgt.tu-freiberg.de**

Website:

Phone number:

Fax number: **N/A**

Current affiliation: **Freiberg University of Mining and Technology**

Job title: **Senior Researcher**

Education Background

Highest degree received: **Dr.-Ing.**

Received from: **RWTH Aachen University**

Major: **Geotechnical Engineering**

Professional background

Professional background relevant to GEOSNet: **I am currently a Senior Researcher at the Institute of Geotechnical Engineering, Freiberg University of Mining and Technology. My research focuses on the reliability of geotechnical structures and the treatment of uncertainty in ground properties, with particular emphasis on the development and implementation of Eurocode 7. I am actively involved in the Eurocode 7 revision process at both national and international levels.**

Main reasons for your interest in GEOSNet and potential contributions to the network: **I am interested in GEOSNet because its mission—coordinating stakeholders, accelerating knowledge transfer, and embedding risk and uncertainty in practice—aligns closely with my research on reliability of geotechnical structures and uncertainty in ground properties. With a PhD in Hydraulic Engineering from RWTH Aachen University, I see GEOSNet as an excellent platform for knowledge exchange and interdisciplinary collaboration.**
